Pharmaceutical Waste Kiosk

Securr Pharmaceutical Waste Containers are heavy-duty receptacles perfect for indoor or outdoor collection. Using a stainless steel lined, pull-down loading chute that closes itself off while open, contents can be loaded and secured but not removed back through the chute. Included is a 38-gallon reusable medical waste liner. Made from corrosion resistant steel and powder coated in the color of your choice, these receptacles will provide years of reliable service.

Labeled according to local regulations
